Battle Looms for Senate Leadership

By H. L. SCHWARTZ III
Associated Press Writer
WASHINGTON (AP) — Next week's lame duck session may provide the battleground for fights over who will be the Republican and Democratic Senate leaders when the 92nd Congress convenes in January.

"In fact, the leadership situation may be the only thing that is resolved during the session," Sen. Robert J. Dole, R-Kan., said Thursday.

On the Republican side, Dole and Sen. Howard H. Baker of Tennessee have been mentioned as possible challengers to Minority Leader Hugh Scott of Pennsylvania.

Among the Democrats, popular Majority Leader Mike Mansfield of Montana appears safe from challenge but a battle may

be brewing among his two assistants, Edward M. Kennedy of Massachusetts and Robert C. Byrd of West Virginia.

Kennedy has let it be known that he wants to keep the No. 2 post of party whip which he wrested from Sen. Russell B. Long, D-La., a year ago on a close vote.

But there have been persistent reports during the congressional election recess that the conservative Byrd, No. 3 Democrat as secretary of the Senate Democratic Conference, may seek to move up.

A spokesman for Byrd says any such talk would be premature, although he didn't rule out the possibility of a challenge.

Aides to Scott, who went abroad shortly after his re-election to a third term last week, appear confident that he will keep his leadership position.

Scott succeeded the late Everett M. Dirksen as minority leader, defeating Baker, Dirksen's son-in-law, 24 to 19.

Pictured are some of 147 Hempstead County drivers attending the 8-hour Defensive Driving Short Course sponsored by the Hempstead County Agricultural Extension Service. The "look of concern" expresses the attitude the drivers have displayed throughout the three sessions conducted thus far.

"What would you do — if an approaching automobile crosses the center line and is headed toward you?" Sergeant Davis describes such nearby accidents resulting in fatalities because drivers did not know what defensive action to use in such situations.

The last session of the short course will be held Monday night, November 16, at Red River Vocational Technical School from 7:00 - 9:00 p.m. Colonel Ralph D. Scott, Director Arkansas State Police, will be awarding certificates to those completing the short course.

The Agricultural Extension Service urges other Hempstead

County drivers to sign up now in the Agricultural Extension Office (telephone 777-5771) to be a participant in a defensive driving course to be offered in the near future. Drivers are welcome to attend the last session Monday night if they desire.

Highway Lobby Contribution Is Refused

By JAMES R. POLK
Associated Press Writer
WASHINGTON (AP) — The incoming chairman of the House committee on interstate highways has refused to accept a \$5,000 contribution sent to him by a highway industry group.

Rep. John A. Blatnik, D-Minn., said "I wouldn't accept a contribution that large from any source."

The money was offered by the Committee for Action, a rich campaign fund raised by the highway building industry throughout the nation.

Blatnik is due to take over in January as head of the House Public Works Committee, which oversees vast federal construction programs, including \$5 billion-a-year in federal aid for superhighways and other highway construction.

He is already chairman of the subcommittee specializing in this aid.

The Committee for Action, in its latest report to Congress, listed the \$5,000 as being sent on Sept. 9 to the "D. C. Committee for Blatnik."

But Joseph E. Dillon, a Washington lawyer who was treasurer for the D. C. fund-raising committee, said the money was promptly returned.

The Committee for Action, which has four separate regional groups, gave more than \$150,000 this year to various campaigns with most of the

a candidate if the governor declines the chairmanship, but that he would be happy to help Rockefeller if the governor takes the position.

"My purpose in running was to carry forth his philosophy and the constructive program he stood for," Kelly said.

He said that Rockefeller as chairman would take a more active role in party affairs.

Kelly said that while Rockefeller has been a large financial contributor to the GOP, he has not been "real active" in the party because he did not want to be accused of dominating it. The GOP has been wrongly charged with being a one-man party, Kelly said.

The Memphis Commercial Appeal had quoted "reliable sources" as saying the draft movement was initiated by Rockefeller's public relations staff. John Ward, head of the public relations firm, said there was no truth to the report.

Obituaries

LEE A. HOLT
Lee Adron Holt, 91, resident of Washington, died Thursday in a Nashville hospital. He was a native of Bingen and a member of the Presbyterian Church.

Surviving are three sisters, Mrs. Zea Jacobson of Oakland, Calif., Mrs. O.N. Lee Sr. of Jonesboro, Mrs. S.H. Weakly of Fort Smith and a son, Charles Ward of Mt. Clemens, Mich.

Services will be at 10 a.m. Saturday at the Presbyterian Church in Washington with interment in Washington Cemetery.

CARMEL VALLEY, Calif.
(AP) — Bob Barnes, 57, creator of the syndicated cartoon "The Better Half," died Thursday of cancer. Barnes began the cartoon 20 years ago. His widow, Ruth, who had worked with him on the panel for many years, plans to continue it.

LIVERPOOL, England (AP) — Battling Bessie Braddock, 71, a lifelong fighter for the working man who was known as the "heavyweight champion of British politics," died today after a long illness. Mrs. Braddock, who weighed 200 pounds, retired last June from the House of Commons after serving there since 1945.

Word's Origin

The word "gimmick" originated in carnival slang to describe a device to control the speed of a spinning "wheel of fortune." By use of the gimmick — which was always hidden — the operator or grifter could control the pay-off, if any.

Sergeant Ray Davis talks to Hempstead County drivers about attitudes that characterize the Defensive Driver.

The instructor emphasizes the importance of an attitude showing a determination to do

everything reasonably possible to avoid being involved in a preventable accident, regardless of what the law says, what the other driver does, or the adverse driving conditions encountered.

MANY THINKS (from Page one)

stead that the United States has been trying to improve its relations with Peking.

"The fact of the matter is," he said, "the United States is as interested as any in this room to see the People's Republic of China play a constructive role among the family of nations."

Phillips made clear, however, that his government thinks it would be unwise and unjust to make expulsion of the Nationalists the price for seating the Communists. This is the procedure called for in the resolution 18 supporters of Peking have submitted to the assembly.

Debate on the resolution continues today.

Many delegates were intrigued by Phillips' use of such expressions as "expelling a member" and "admitting the People's Republic of China," as though he was referring to two separate nations. In the past, the United States has described the China question as a contest between two rival regimes for the one U.N. seat allotted to China, a seat that carries with it permanent-or veto-member-

ship on the Security Council.

Phillips' speech heightened speculation that after the recent decisions of Canada and Italy to recognize Peking, the U.S. government has decided the assembly will probably vote a seat for the Communists in a few years, and the Americans now are going to concentrate on trying to keep the Nationalists in the organization also.

This would mean acceptance of the "two China" concept, with one seat for the mainland and another for the island of Formosa. Both the Communists and the Nationalists reject this solution because both claim to be the only lawful government of both the mainland and Formosa. But there have been predictions that they might change their positions.

The assembly vote last year was 56-48 against Peking, with 21 abstentions. Canada, Italy, Equatorial Guinea and Chile are switching from the abstention column to the yes, but more than 70 votes will be needed to vote an invitation to the Communists if the United States once again gets the assembly to declare the matter an important question rather than one of procedure.

Likes Porks in a High Scoring Game

LITTLE ROCK (AP)—There was rejoicing in Fayetteville last Saturday when the report came in that SMU had squeaked past Texas A&M 6-3.
The Razorbacks had defeated A&M the week before the play SMU this week at Fayetteville.
Then, came the word that SMU quarterback, Chuck Hixson, and the Mustangs' leading receiver, Raymond Mapps, had been held out of the game.
Both Hixson and Mapps will probably start against Arkansas Saturday.

Hixson is the leading passer in the Southwest Conference and Mapps is the second leading receiver. Hixson has completed 125 of 221 passes for 1,306 yards and eight touchdowns. Mapps has caught 31 passes for 318 yards.

Hixson is also the total offense leader in the conference, one notch ahead of Arkansas' Bill Montgomery.

In Gary Hammond, the Mustangs sport the conference's tandem offense leader. Hammond has rushed for 685 yards on 146 carries and caught 28 passes for an additional 285 yards. Last week against A&M, Hammond carried 36 times for 190 yards.

The Razorbacks who were around two years ago should remember how dangerous the Mustangs—and Hixson—can be.

In 1968, the two teams met at Little Rock and Arkansas led 35-0 in the third quarter. The final score was 35-29.

SMU is 4-4 for the season and 2-2 in conference play, losing to Texas and Texas Tech. Arkansas is 7-1 for the season and 4-0 in the conference.

Arkansas proved last week it had character, rallying from a 14-3 halftime deficit to defeat Rice 38-14.

Character, ability and homecoming add up to an Arkansas victory.

Arkansas 42, SMU 17.
Arkansas State University journeys to the University of Texas at Arlington Saturday with a chance to claim its third consecutive undisputed Southland Conference championship.

The Indians are unbeaten in 16 games and have won 11 straight. The streak won't end Saturday.

ASU 27, UT-Arlington 17.
Southern State and Ouachita, both once-beaten in the AIC, meet at Arkadelphia Saturday with the winner in position to tie for the championship.

OBU upset conference favorite Arkansas Tech last week and has the momentum.

OBU 14, Southern State 10.

Here are other predictions involving college teams in Arkansas:

Arkansas Tech 21, Harding 17.

Henderson 10, SCA 9.

Arkansas A&M 7, Texas Lutheran 6.

Arkansas AM&N 27, Bishop College 20.

Baseball to Pay Tribute to Heros

LOS ANGELES (AP)—Baseball will pay tribute to its heroes in the first annual awards dinner here Dec. 3.

Commissioner Bowie Kuhn, announcing the affair, said it would be held during the winter major-minor league meetings and will be held at future sessions of professional baseball people.

Awards will be announced at the dinner in several categories and the recipients are scheduled to be present in the ballroom of a Beverly Hills hotel.

Survivors in SWC Face Troublemakers

By DENNE H. FREEMAN
Associated Press Sports Writer
Texas, Texas Tech, and Arkansas—the only survivors in the Southwest Conference race—face potential troublemakers Saturday in another round of crucial games where some teams are less than hale and hearty.

The No. 2 ranked Longhorns count six defensive starters that could be hindered or kept out of the Texas Christian game at 2 p.m. in Fort Worth Saturday.

Defensive halfback Alan Lowry is the most questionable with a bruised knee. His substitute, Gary Keithley, has been ailing with the virus. Starting line-backer Tommy Woodard has a bruised knee and line-backer Scott Henderson has a bruised side. Tackle Ray Dowdy has a bruised shoulder. Defensive end David Arledge has knee problems.

If TCU, a four-touchdown underdog, is to take advantage of the Longhorn injury problems quarterback Steve Judy must be well.

Judy is recovering from a sprained ankle and he says "I'll be ready somehow." Trainer Elmer Brown says "I'll imagine he'll play."

And Coach Fred Taylor says "Well, I'd call him doubtful." Texas has won 27 consecutive games but have always had problems with the pesky Horned Frogs, holding a 35-19-1 all-time edge. Texas has won the last five games in Fort Worth.

Arkansas, tied with Texas at 4-0 in the SWC chase, hosts crippled Southern Methodist at 1 p.m. in Fayetteville. Arkansas is missing talented tailback Bill Burnett while SMU's quarterback Chuck Hixson and flanker Raymond Mapps are trying to recover from injuries. Mapps is a definite starter but it will not be known until game time whether Hixson can make it.

"I tell you what it's like to go up into those hills," says Mustang coach Hayden Fry, who was an assistant coach at Arkansas. "You're giving away 12 points every time you play them up there. That's what the home field advantage is worth at Fayetteville."

Texas Tech is 4-1 in SWC play and plays dangerous Baylor in Waco.

The Red Raiders are well in contention for at least a share of the SWC title and a trip to the Cotton Bowl or other post-season appearance. Baylor holds a whopping 19-8-1 all-time series edge on Tech.

Tech has a rugged ground game featuring tackle-busting Dug McCutchen and heady quarterback Charles Napper. The Bears burned Texas several times last week in a 21-14 loss with quarterback Si Southall's passing to Derek Davis, the leading pass-grabber in the SWC.

The Texas Aggies and Rice, both winless in SWC competition, tangle at College Station. Rice coach Bo Hagan has announced he will retire at the end of the season.

A&M holds a 28-23-3 all-time edge.

SMU Always Problem for Porks

By HARRY KING
Associated Press Writer
FAYETTEVILLE, Ark. (AP)

—SMU gives its opponents special problems.

Underline special.

"They use everything imaginable," said Coach Frank Broyles whose seventh-ranked Arkansas Razorbacks meet SMU at Fayetteville Saturday.

"You have to be ready for everything. They use 40 some odd sets."

"You name the formation, they've been it," said Charley Coffey, coordinator of Arkansas' defense. "Name the shift, and they've used it."

"We can't concentrate on any one thing," Coffey said. "You work all week long but don't get any real mental picture of what they're going to do."

Coffey says that to play well, defense must "recognize and anticipate" and that SMU's varied offensive scheme makes this difficult.

"You may work all week long on something and then not see it on Saturday," Coffey said.

The Razorbacks do not even know who SMU's quarterback will be.

Chuck Hixson, a one-time NCAA passing leader, is bothered by a knee injury and did not play in SMU's 6-3 victory over Texas A&M last week.

Gary Carter started in Hixson's place and quarterbacked the Mustangs to the victory, hitting 13 of 26 passes for 105 yards.

Hixson ranks first in total offense in the Southwest Conference, one notch ahead of Arkansas' Bill Montgomery. Hixson is also the conference's passing leader, completing 125 of 221 for 1,306 yards and eight touchdowns.

The Mustangs also boast the conference's tandem offense leader, Gary Hammond who has rushed for 685 yards and caught 28 passes for an additional 285 yards.

On the other side of the ledger, the Razorbacks are leaders in several team categories.

Arkansas, which leads the nation in scoring with an average of 41.9 points a game, also paces the conference in passing offense, total defense, rushing defense and defense against scoring. Arkansas also ranks second in total offense with 446.8 yards a game.

The Razorbacks, who have won seven straight since an opening game loss to Stanford, is a 24-point favorite over the Mustangs. The Razorbacks are 4-0 in the conference while SMU is 2-2.

A sellout crowd of 43,500 is expected for the 1 p.m. kickoff.

Knicks Lose Game and Star Player

By BRUCE LOWITT
Associated Press Sports Writer

Cleveland's baby Cavaliers happily lost a chance for a niche in the National Basketball Association record book while the New York Knicks lost more than just another game.

The Cavaliers, who had equalled the NBA mark for start-of-season losses by dropping the first 15 games in this, their premiere season, beat the Portland Trail Blazers 105-103 Thursday night in a battle of expansion clubs.

And the defending champion Knicks, who fell 110-108 to Baltimore, suffered a more severe setback when Cazzie Russell fell and fractured his left wrist, sidelining the star forward for at least six weeks.

In the night's only other NBA game, Cincinnati overwhelmed San Francisco 121-107. In the American Basketball Association, Utah whipped the Floridians 125-115 and Indiana nipped Pittsburgh 135-132.

The Cavaliers, Cleveland's first NBA team since the Rebels played their only season there in 1946-47, gladly settled for a record-book tie with another long-defunct team.

They equalled the mark of 15 season-starting setbacks set by the Denver Nuggets back in 1949-50 when they played their lone season in what was then known as the Basketball Association of America.

Walt Wesley's 21 points topped the balanced Cleveland attack but it was Bob Lewis who

gave the Cavaliers their first lead at 99-98 with 2:30 remaining in the game, then locked up the victory with a pair of long jumpers in the final minutes. Portland's Jim Barnett led all scorers with 27.

Willis Reed of the Knicks earned scoring honors with 34 points but Baltimore countered with a balanced attack led by Eddie Miles with 25 and Kevin Loughery with 23.

Cincinnati pulled ahead to stay early in the first quarter and never let San Francisco get closer than six points the rest of the way. Tom VanArsdale paced the Royals with 29 points. Jerry Lucas collected 24 for the Warriors.

KENT, Ohio (AP)—Kent State University football coach Dave Puddington has announced his resignation, citing "the prevailing contagious negativity on campus and in the community" as one factor in his decision.

Although he did not spell it out, Puddington apparently referred to the atmosphere in the wake of the May 4 incidents in which four students died in a confrontation between demonstrators and Ohio National Guard troops.

Announcing his decision at a squad meeting Thursday night, Puddington said "The fatalism

NEW YORK (AP)—Taking a chance on pro football picks for the first time, or we don't want to set the world on fire ... we just want to start a few hot arguments.

The Detroit Lions will be black and blue after playing Minnesota's deep Purple Gang ... or it don't snow in Minneapolis in the winter time.

Minnesota 21, Detroit 1.
That's one in a row.

Oakland's raiding party will steal everything except the altitude in Denver's Mile High Stadium while busting the Broncos. Oakland 34, Denver 13.

Now, the blindfold please ... New York Giants 26, Washington Redskins 21—Fran Tarkenton, quarterback bychoice, boxer by chance, will use his arm instead of his fists and scramble all those Indians.

Kansas City 34, Pittsburgh 13—Len Dawson has a rifle arm and a Cannon to catch his bullets—Billy Cannon, that is.

San Francisco 44, Houston 7—San Francisco finds gold in the Houston oilfield and shuts the Golden Gates on Charley Johnson.

Los Angeles 35, New York Jets 10—The Jets visit Hollywood, but that's show business.

Cleveland 29, Cincinnati 12—The Browns keep a vigil on Virgil Carter and spank Cincinnati's kids.

San Diego 19, Boston 0—The Chargers are coming, the Chargers are coming!
Baltimore 45, Buffalo 13—Colt-45. Why not?

Green Bay 20, Chicago 14—The Chicago fire fizzles ... or they didn't make little Green Bay apples.

Miami 14, New Orleans 13—The Dolphins get along swimmingly, and the Saints go marching out.

St. Louis 21, Dallas 19—Cowboys ride out into the sunset moaning the St. Louis Blues Monday night.

Atlanta 24, Philadelphia 14—The Falcons are flying, the Falcons are flying!

TCU Hopes to Give Texas Trouble

FORT WORTH, Tex. (AP)—No. 2 ranked Texas puts its 27-game winning streak on the line Saturday against potentially troublesome Texas Christian which has its top quarterback nursing an injury.

Horned Frog coach Fred Taylor said Steve Judy, the No. 2 passer in the SWC and hobbled with a sprained ankle, is "doubtful."

Trainer Elmer Brown said "I'll imagine he'll play."

Busty Underwood will step in to Judy's shoes if Judy can't play.

"I've got it made," said Underwood. "I've got nothing to lose. If Steve can't play and I go in the people aren't going to expect much."

The Longhorns aren't a picture of health themselves, particularly defensively.

Six starters are nursing injuries with defensive halfback Alan Lowry's bruised knee the worst bump.

Although Texas is a four-touchdown choice, Texas Coach Darrell Royal said "TCU is a team that will be inspired. It is a team that can't be taken lightly, but what opponent is one that can be taken lightly?"

Royal found that out last week when Texas barely survived the lowly Baylor Bears 21-14 in Waco.

Texas is leading the nation in rushing from its awesome Wishbone-T with an average of 370 yards per game.

A victory over TCU would put the Longhorns in a tie with Michigan State for the third longest winning streak in modern history. Michigan State won 28 in a row in 1950. The only other longer strings were 31 and 47, both by Oklahoma under Bud Wilkinson.

around us and the current tendency to politicize every facet of life—even sports—has certainly affected the young men in our program."

Puddington said also the "program has not progressed as he hoped and planned this year."

ALTHOUGH THEY ARE THROUGH for the rest of the football season, Gale Sayers (left) and Joe Namath (right) still get around. Sayers, his crutch at his side, conducts his telephone business as Chicago park commissioner, and Namath can't walk down New York streets without people stopping him for a look at his cast. Sayers is lost to the Bears because of a knee injury. Namath to the Jets because of a broken bone in his hand.

ABA Firing on Court and Bench

By THE ASSOCIATED PRESS
John Brisker, Zelmo Beaty and Donnie Freeman were firing them in on the American Basketball Association courts—but that was nothing compared to the firing on the benches.

Freeman canned 53 points in a losing effort for Pittsburgh as the Indiana Pacers tripped the Condors 135-132 while Beaty and Freeman scored 39 apiece to lead the runaway Utah Stars to a 125-115 triumph over the Floridians in Thursday night's ABA action.

In the National Basketball Association Baltimore nipped New York 110-108, Cincinnati ripped San Francisco 121-107 and Cleveland, after losing its first 15 games, clipped Portland 105-103.

The Indiana and Utah victories were the only ABA games. But two other lubs—the Kentucky Colonels and Denver Rockets—were far from idle.

The Colonels fired Coach Gene Rhodes and temporarily handed the job to business manager Alex Groza, a former star at the University of Kentucky, as they conducted negotiations with former Boston Celtics star Frank Ramsey.

Just hours later the Rockets ejected Joe Belmont as head coach and boosted assistant coach Stan Albeck into the top spot.

Denver's move was prompted by a losing club—the Rockets are 3-10 and fighting to stay out of the West Division cellar. Kentucky is 10-5 and just a game out of first in the East. Mike Storen president of the Colonels called the decision a "business judgement."

Roger Brown paced the Pacers with 38 points including a three-point goal that put them ahead of the Condors for good at 94-91 late in the third period. Bob Netolicky added 31 points for the winners.

The Floridians, led by Larry Jones' 32 points, breezed to a 15-point lead in the first period but couldn't hold it.

Utah, retaining its 3½-game margin over Indiana in the West, cut the gap to five points at the intermission, then raced to its 11th victory in 12 games.

CHICAGO (AP)—Mrs. Joanne Hull, wife of Bobby Hull, hockey star for the Chicago Black Hawks, filed for divorce in Cook County Circuit court Thursday on grounds of "physical cruelty."

LOS ANGELES (AP)—Forward John Tresvant, whose defensive plays keyed two playoff victories for the Los Angeles Lakers last season, has been traded to the Baltimore Bullets for an undisclosed but high future draft choice.

The Lakers and Bullets announced the deal Thursday involving the seven-year National Basketball Association pro from Seattle University.

The 6-foot-7 Tresvant was acquired by Los Angeles from the Seattle SuperSonics at the All-Star Game break last year.

Rain Likely for SMU-Hog Game

FAYETTEVILLE, Ark. (AP)

—The National Weather Service says there is a 60 per cent chance of rain for the football game here Saturday between Arkansas and SMU.

Gametime temperatures are expected in the low to mid 50s with winds southeasterly at eight to 15 miles an hour.

Limit to Reason Is Favorite

By RALPH BERNSTEIN
Associated Press Sports Writer
CHERRY HILL, N.J. (AP) — Limit To Reason is the 3-1 favorite for Saturday's rich Garden State Stakes, but at least one trainer thinks the Brookmeade colt may have lost the race in the draw for post position.

A field of 15 was entered Thursday for the 11-16 mile race for 2-year-olds and Limit To Reason drew post No. 14. The dark bay son of Nail To Reason is going to need a lot of racing luck in this richest thoroughbred race of the year.

Larry Jennings, trainer of Buffare, a 20-1 outsider, was discussing the importance of the post in the Garden State before the draw.

"In a field of this size," said Jennings, "it's very tough to win from an outside post. Even if you have speed it's uncomfortable. If you can't get on top by the first turn you have to drop over and save ground. Anything beyond the 10th post is terrible."

Limit To Reason needs the Garden State in his bid for 2-year-old championship honors. The horse already has earned \$319,055 and won both the Pimlico-Laurel Futurity and the Champagne. He'll be ridden by Jorge Velasquez, fresh from a victory aboard Fort Marcy in the Washington, D.C. International.

Jennings' Buffare, incidentally, drew the No. 12 post, which discouraged the trainer. He had hopes that the colt he had claimed for \$15,000 last July 13 at Monmouth might upset the classy Garden State Field, or at least get a piece of the \$352,320 gross purse.

The oddsmaker has made Executioner, owned by Peter Kissel's October House Farm, the 4-1 second choice in the race for a first prize of \$211,392.

Executioner won one division last week of the Garden State Trial and will again be handled by Jacinto Vasquez. W. F. Lucas' Ruffian is listed at 6-1, with Sir Dagonet, winner of the other half of the trial at 8-1.

Others in the bulky field—each carries 122 pounds—are Robdale, Northern Jove, Jim French, New Round, Liberal Emperor, Sound Off, Rigadone, Run The Gantlet, Mr. Gemini, and Cool Moon. Executioner, Jim French, Sound Off, Mr. Gemini and Buffare all were supplemented for \$10,000 each.

The Garden State overshadows the opening of the Florida winter season at Tropical Park where the \$15,000 Hurricane Handicap is the feature.

Elsewhere on Saturday there is the \$60,200 Queens County Handicap at Aqueduct, the \$25,000 National Jockey Club Handicap at Sportsman's Park, the \$25,000 Falls City Handicap at Churchill Downs, the \$20,000 Monterey Stakes at Bay Meadows and the \$7,500 Little Rhody Handicap at Lincoln Downs.

Loud is expected to be the starting highweight in the Queens County at 120 pounds with a field of 12 to 14 in prospect.

Jap Picks Up 6th Gold Medal in Gymnastics

WINNIPEG (AP) — Teruichi Okamura of Japan captured his fifth and sixth gold medals during the final day of the World Invitational Gymnastics Tournament Thursday.

The 22-year-old student became the top individual gold medal-winner for the tournament, despite finishing fifth in the vaulting exercise. Okamura won gold medals in the parallel and horizontal bars.

Wednesday he picked up gold medals for the over-all individual male championship, the Japanese men's team title and his personal performances on floor exercises and still rings. He shared the rings gold medal with Mikhail Voronin of Russia.

The only gold medal he missed Thursday was on the vault when he received only 8.90 of a possible 10 points on the final jump. With each athlete given two attempts and the highest mark being counted, Okamura slipped on the landing on both attempts.

Russia's Bogdanov won the gold with 18.675 of a possible 20 points.

Points of a possible 10 scored during the preliminary rounds were added to the final performance to give the over-all total.

Ljudmila Turisheva of Russia also added to her gold medal total, winning the women's balance beam with a sparkling performance that gave her 19.30 points.

The 18-year-old world champion had won gold medals Wednesday for the over-all women's championship and the Russian women's team victory as well as for her personal performances on the uneven bars and the vault.

The Russian women continued to dominate the competition with Larisa Petrik and Zinaida Voronina finishing in a second-place tie on the beam.

Miss Turisheva, who held the lead going into the final round of the floor exercises, withdrew from the event because of a minor injury but the Russians still took home the gold medal.

Mrs. Voronina overshadowed the brilliant performances of three U.S. girls to take top

weight at 133 pounds in the Jockey Club. Jungle Savage is the likely choice in the Monterey under 114 pounds.

U.S. Team Trails But Not Worried

By R. GREGORY NOKES
Associated Press Writer
BUENOS AIRES (AP) — The United States, the defending champions, started today's second round of the World Cup Golf Championship six strokes behind first place Australia, but Lee Trevino and Dave Stockton weren't worried.

"We never had the lead in Singapore until the last day so why should we worry," said Trevino who also won the individual championship at Singapore in 1969.

Trevino had a two-under-par 70 in the first round Thursday, six strokes back of the leader, Robert de Vincenzo who fired an eight-under-par 64.

Stockton carded a five-under-par 67 for a U.S. team score of 137. Australia led with 131 on a 65 by David Graham and a 66 by Bruce Devlin. Argentina was second at 134 on de Vincenzo's 64 and Vicente Fernandez's 70.

Scotland was fourth at 139 and would have tied the United States at 137 except that George Will was penalized two strokes for a lost ball on the 18th hole.

Will, who finished with a 71, protested that someone took or moved the ball, but the rules committee said this could not be proved.

De Vincenzo posted his 64 despite rain and cold. His effort equalled the course record over the 6,700-yard jockey club layout.

The 72-hole tourney, in which 43 teams are competing, ends Sunday.

Suit Filed Over Moving the Pilots

SEATTLE (AP) — A new antitrust suit against the American League for the transfer of the Seattle Pilots to Milwaukee was filed in Superior Court here Thursday minutes after an earlier suit seeking \$82 million was dismissed.

The City of Seattle and the state, which asked the dismissal, were joined by King County in the new action. The amount of damages alleged under the new suit will be filed later.

Two new defendants were added in the new suit and one deleted. Named with the American League and its 12 member clubs as defendants were Sport-service Corp. and its subsidiary, Washington Sportservice, Inc., concessionaires.

Removed as defendants in the lawsuit were Pacific Northwest Sports, Inc., the company which owned the Pilots, and the company's owners, William Daley of Cleveland and Max and Dewey Soriano of Seattle.

They were deleted, an attorney for the state said, because they have reached a settlement with the city over rental of Sicks' Stadium, and because

marks in the final round and win her first individual gold medal.

The American girls, Joan Moore, Kim Chase and Adele Cleaves grabbed the next three spots.

Shoats Turn Back Tulsa by Big Score

FAYETTEVILLE, Ark. (AP) — Quarterback Pete Tolley, a Dallas Jefferson product, completed 13 of 15 passes for 149 yards and two touchdowns as the Arkansas Shoats finished their season with a 34-0 victory over the Tulsa Gales here Thursday.

The Arkansas freshmen closed out the season with a 3-2 record while Tulsa is 0-3 with one game remaining.

Tolley tossed a 21-yard touchdown strike to tight end Steve Hedgepeth and hooked up with running back Dicky Morton on a 39-yard scoring play.

The Shoats' other touchdowns came on a 25-yard pass interception return by James Hommeyer, a two-yard run by Rick Emerson and a 65-yard punt return by Clark Irwin.

They voted for a nonprofit ownership plan proposed by a group of Seattleites but rejected by the league.

My Friends.

We were never arrogant in victory... We will not be bitter in defeat.

Because you did not fight with us for personal gain... neither can you, for long, accept this as a personal loss.

As the days go along these feelings will pass.

And in the months and the years ahead you will be proud to remember your part in writing a bright new chapter in Arkansas' history.

Never forget it was you who set the new goals. It was you who set the new standards.

And let no one else forget that we are very much alive and well, and that these new standards for Arkansas will be met.

Judge Not

St. Matthew warned us against judging others. We may look contemptuously at our neighbor, our competitor, but we must not judge him. We may even point a finger, but God strongly warned against it. "Judge not, that ye be not judged. For with what judgment ye judge, ye shall be judged: and with what measure ye mete, it shall be measured to you again" (Matthew 7:1-2). God cautioned us well. It could not have been spoken more plainly. He urged us to obey His word. He even called accusers, hypocrites, and demanded that they rid themselves of all judgment acts.

God tempers justice with mercy, but He will not hold him guiltless who commits a judgment sin.

Too often transgressors resent the kindly judge who sits in court to serve his country and his God. But the bar of justice is broad and God's mercy is not strained. His judgment, not ours, must prevail. For it is written that we must pay for our error. We must face our record in court. But those who attend church more, go to court less.

Named Sales Manager

BOB ELLEN

Robert C. Ellen has been named sales manager of the Albany, Ga., corrugated container plant recently purchased by Olinkraft, Inc.

Mr. Ellen, who previously was special projects manager for the company's southern container region, will be responsible for the Albany plant's sales force covering Alabama, Tennessee, North and South Carolina, as well as Georgia and Florida.

He is a native of Hope, Ark., and received a B. A. degree in physical education-business administration from Ouachita Baptist College in Arkadelphia, Ark. In 1955, he received a master's degree in administration from East Texas State Teachers College.

Before joining Olinkraft, he was employed for a number of years as a high school instructor and athletic coach. He was head football coach at Texarkana DeQueen, Ark. and, in 1956, was named head coach and athletic

director of Ouachita Parish High School in Monroe. For his outstanding accomplishments in his first season at OPHS, he was awarded "Coach of the Year" honors for Ouachita Parish.

In 1963, he left the teaching-coaching profession to accept a sales service position with the Standard Bag Division of Olinkraft. Prior to becoming special projects manager in 1966, he was standard bag sales representative.

Mr. Ellen is a member of the Shreveport El Karubah Shriners. In Monroe, he is a member of the First United Methodist Church, the Masons and the YMCA board of directors.

He and Mrs. Ellen, the former Marian Smith also of Hope, Ark., reside at 806 Eason Place and have two sons, Don and John Robert. They will be moving to Albany in the near future.

Olinkraft is a wholly owned subsidiary of Olin Corporation.

cludes a \$500 monthly pension after 30 years service among fringe benefits, won 4-1 approval Thursday from 350 GM Council delegates from local unions over the country.

It previously got unanimous approval of the UAW team which negotiated it and the union's 25-member international executive board.

While UAW President Leonard Woodcock and General Motors refused to put an estimated value on the final package, one knowledgeable source who declined to be named said it was worth \$2.5 billion in higher wages alone. That would figure out to \$1.06 hourly over three years.

The source said the \$2.5 billion estimate was predicated on a 4 per cent rise in the cost of living in the second and third years, when wages are geared to fluctuations of the government's Consumer Price Index.

One union executive estimated wages and fringe benefit advances were worth a total of \$1.80 hourly, while still another source figured it at \$1.90.

While saying "I am never satisfied," Woodcock told a news conference Thursday "This is a good solid showing of progress for the families we represent. We got something in virtually every area."

Ratification of the contract will not mean an immediate, or even necessarily a speedy, return to work for the 394,000 hourly rated GM employees in the United States.

GM officials say that even if ratification proceeds without a hitch, it would be Dec. 1 at the earliest before the firm returns to full production because of the time needed to set the giant corporation back in motion after the long shutdown.

Also standing in the way of a return to production are settlements on local contracts at 68 of GM's 155 U.S. facilities. Negotiations are continuing on the local issues which supplement the national contract.

The 68 plants without agreements include 18 of the 24 domestic car and truck assembly plants and 12 of the 54 plants GM has designated as vital to a resumption of full operations.

Negotiations between the UAW and General Motors of Canada Ltd. also are incomplete. The 23,000 striking Canadian GM employees are covered by a contract separate from, but similar to, the U.S. agreement.

A UAW spokesman said the union plans to resume negotiations with GM-Canada after the tentative American pact is studied.

Pay scales for Canadian and U.S. autoworkers have been the same since 1968, although American workers have gained more through cost-of-living adjustments.

Details of the tentative U.S. settlement were made public for the first time Thursday. Some of the major provisions are:

—First-year wage increases ranging from 49 to 61 cents an hour depending on the employee's wage classification. Average pay under the new contract will be approximately \$4.53 an hour compared with the present \$4.02. Three per cent wage increases will be given in the second and third years of the agreement.

—The 8-cent-a-year limit on cost-of-living wage increases in the old contract is eliminated. Wage rates will be adjusted—a change of one cent per hour for each 0.4 change in the government's Consumer Price Index—at the end of the first year of the contract and every three months thereafter. This was a key union demand.

—Workers with 30 years service will be eligible for retirement at a \$500 monthly pension at age 58. The age requirement drops to age 56 in the third year of the contract. Workers who retire with 30 years service before age 58 lose \$40 a month for each year below 58.

The monthly benefits are reduced when the worker becomes eligible for Social Security to keep the total income at approximately \$500 a month.

The UAW had demanded no restriction on age of retirement with 30 years service.

—Retirees currently receiving GM pensions will get an extra \$1 a month for each year of service effective April 1. Regular pension rates increase by \$1.25 to between \$7.25 and \$7.75 per month for each year of service.

—GM will continue to pay medical hospital insurance fully. The company had demanded that employees pay the cost of future premium increases. The union did not win its

Spring Hill Man in Elite Bombing Crew

SHREVEPORT, La.—U.S. Air Force Captain Richard C. Greenhaw, son of Mr. and Mrs. Herbert Greenhaw, Rt. 1, Hope, Ark., has been selected to participate in the Strategic Air Command's (SAC) elite combat competition at McCoy AFB, Fla., Nov. 15-20.

Captain Greenhaw is a

navigator on the KC-135 Stratotanker crew from the 2nd Bomb Wing at Barksdale AFB, La. He was selected by his commander after careful screening of daily training records, readiness inspections and periodic tests.

Fifty-five SAC aircraft and crews, along with three Royal Air Force (Great Britain) teams, will be competing in the "world series of bombing and navigation."

SAC's newest bomber — the General Dynamics FB-111 — is making its debut in the competition. Two of the supersonic bombers and two-man crews will match their bombing and navigation skill against 24 B-52 Stratofortresses, 29 KC-135s and three British delta-wing Vulcan

demand for a company-paid dental care plan.

—Employees with 20 years service will receive four weeks of vacation, up from three. Employees with less than 20 years will continue to get from one to three weeks.

—Employees will receive an extra holiday to give them a continuous paid vacation from Dec. 24 through New Year's Day.

The contract will become effective the Monday after ratification.

The GM pact will be used as a pattern for new contracts at Ford Motor Co., Chrysler Corp. and American Motors Corp. and in the agricultural implement industry, where UAW members have been working without a contract.

bomber crews.

Each bomber team will fly two scored missions and will be judged on navigation, coupled with simulated bombing from both low and high altitudes. Tanker crews will fly one mission, flying only for navigation honors.

The crew with the highest point total in combined bombing and navigation will win the coveted Fairchild Trophy. The Saunders Trophy will go to the tanker team compiling the post points navigation.

"Bombing targets" for the bombers will be located near Wheatley, Ark., and Arcadia, La., and accuracy of simulated bomb releases will be computed by mobile radar scoring units.

Captain Greenhaw, who has served in Vietnam, was commissioned upon completion of Officer Training School at Lackland AFB, Tex.

A 1961 graduate of Spring Hill High School, he received a B.S. degree from East Texas State University. His wife, Patricia, is the daughter of Mrs. Ed Rodgers of Rt. 1, Sadler, Tex.

Miner's Widows Are Offered \$10,000 Each

FARMINGTON, W.Va. (AP) 8 survivors of 78 men killed in the Consol No. 9 mine disaster two years ago meet today to decide whether to accept \$10,000 each in full settlement of claims against the Consolidation Coal Co.

The proposed agreement would allow Consolidation to resume production in the sprawling mine for the first time since the explosions and fire Nov. 20, 1968, and contains provisions under which some of the 76 bodies still in the mine could remain entombed forever.

One of the widows, who declined to be identified, said that according to the agreement the company would make "reasonable efforts" to open up certain areas of the mine and recover the bodies.

But, she said, if the recovery efforts in any area proved impractical, it would be sealed and left as a memorial to the dead miners.

The proposed settlement came to light Thursday when a coal industry critic, Dr. I. E. Buff, asserted that under the agreement the widows would "give up practically all their rights."

Consolidation officials confirmed that the company had agreed to the proposal, but said the plan had come from a committee of widows, mothers and other persons interested in the welfare of the No. 9 families.

The \$10,000 would go to the estate of each dead miner either in a lump sum or over a 10-year period with interest.

Three Charged With Murder in Little Rock

LITTLE ROCK (AP) — Little Rock police Thursday charged three persons with murder in the shooting deaths of Mrs. Mary Elizabeth Sullivan, 53, co-owner of a liquor store, and Billy Wayne McGee, 41, an at-

tendant at a service station. Mrs. Sullivan was shot to death at the liquor store on June 24 and McGee was killed at the service station on Oct. 21.

Charged were Alfred Lane Wilson, 22, of North Little Rock; Arthur Lee Hattison, 20, of North Little Rock and Charles Walker, 22, of Wrightsville.

Officers said Wilson was charged with two counts of murder and two counts of robbery. They said Hattison was charged

with murder and robbery in the service station shooting and that Walker was charged with murder and robbery in the liquor store slaying.

Hattison and Wilson were charged Nov. 6 with murder in the Oct. 27 shotgun slaying of Paul Verser, 48, an attendant at a service station in North Little Rock.

Wants FBI to Probe Officials Activities

TEXARKANA, Ark. (AP) — Ray Tollett of Nashville has asked for an order directing FBI Director J. Edgar Hoover to investigate certain activities allegedly involving municipal and federal officers in Arkansas.

Tollett, formerly of Little Rock, asked for the order Thursday in an amendment to a petition filed in federal district court at Texarkana. Tollett filed the original petition earlier this month.

The petition alleged that Little Rock police officers had engaged in illegal wiretapping on several occasions. It asked that Hoover be directed to return to Tollett several tape recordings purportedly submitted to the FBI in support of a statement by Tollett that illegal wiretapping was taking place.

The amendment asks that Hoover investigate whether a certain policeman on the North Little Rock force obtained the position through fraud involving the Civil Service Examination.

Tollett is also asking for an investigation into the alleged assertion by four unnamed persons to the FBI that Tollett wiretapped and recorded a conversation between a Little Rock resident and a state senator.

Trade Issue Major Task for Congress

By EDMOND LeBRETON
Associated Press Writer

WASHINGTON (AP) — One of the major tasks facing the House when Congress reconvenes Monday is debate on a controversial, quota-setting trade measure that would modify drastically a 35-year-old free trade policy.

Deliberation on the measure is planned during the first week of the only post-election congressional session since the Korean War. House approval is expected by Nov. 19.

But the bill's ultimate fate is in doubt, due in part to congressional hopes of a final adjournment by mid-December.

The bill would set mandatory quotas on imports of textile articles and footwear.

President Nixon has accepted the principle of textile quotas, but not those on shoes. However, provisions give him leeway in exempting imports from the quota restrictions on grounds of national interest.

Still, two other administration-sought sections of the complex bill could cause difficulties between Congress and the executive, and between the two legislative branches themselves.

One would give a tax break to U.S. exporters, in order to encourage the outflow of American goods as a means of improving the national balance of trade.

The section would authorize the organization of subsidiaries called Domestic International Sales Corporation—DISC.

These would be treated as foreign subsidiaries, so their profits would not be subject to U.S. tax if they were flowed back into export operations.

The other provision would allow the president, under certain conditions, to end the American Selling Price—ASP—system of setting tariffs on several commodities. The most economically important is benzene chemicals. ASP, using the U.S. market price as a base, results in higher duties.

In the last round of trade negotiations, U.S. spokesmen bargained ASP away—subject to congressional approval—in return for advantages for U.S. automobiles, tobacco and a few other commodities. Nixon wants to go through with the bargain.

However, difficulties already have appeared.

In an effort to speed consideration procedures, the Senate Finance Committee has voted to attach most of the trade bill to a Social Security benefit increase bill already passed by the House.

The combined bill, if passed by the Senate, could go straight to a Senate-House conference.

Mail Carriers Seek Data From Stock Owners

Rural mail carriers from the Fulton and McCaskill Post Offices will leave some livestock survey cards along their routes beginning Nov. 19.

Cards will be distributed at random to farm patrons which means that every box will not get a card, said Martha L. Blackwood of Fulton and J.T. Taylor of McCaskill. It is therefore important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings.

Facts and figures secured in this survey are the basis of Arkansas and national inventory estimates of livestock and poultry numbers, size of pig and calf crops and a number of other timely estimates related to livestock production. Producers and many others use this information in making business decisions.

Survey results will be widely distributed early in 1971 through Arkansas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio, and television. This annual survey has been a joint undertaking of the Post Office and Agriculture Departments since 1924.

Carriers assisting with the survey are: Cecil Cox and Mr. Taylor.

Chile Gives Recognition to Cuba

By WILLIAM F. NICHOLSON
Associated Press Writer

SANTIAGO, Chile (AP) — Chile's new Marxist president has recognized Fidel Castro's Cuban regime, joining Mexico in defying the diplomatic boycott voted by the Organization of American States six years ago.

President Salvador Allende said in a broadcast Thursday that punitive measures taken by the OAS against Communist Cuba did not "serve the interests of peace and friendship."

"The measures retarded the normal development of relations that should exist among the people and governments of Latin America so they can achieve political and economic independence and guarantee their places in the community of nations," he declared.

The U.S. State Department had no comment on Allende's announcement.

Diplomatic sources in Washington said the critical question is whether other Latin-American governments will follow Allende's lead.

The governments of Peru, Bolivia, Venezuela and Trinidad-Tobago have already indicated intentions to re-examine their position toward Cuba. But Costa Rican Foreign Minister Gonzalo Fazio said Allende's decision "contributes to the weakening of the inter-American system." He said Costa Rica will maintain its "clear and definite position of repudiation for the Fidel Castro regime because we consider it an aggressive government that constitutes a danger to peace in the hemisphere."

The OAS expelled the Castro regime on Jan. 31, 1962, and in a resolution voted in July 1964 called on all its members to sever diplomatic and consular relations with Cuba because Castro was trying to spread communism and subversion throughout Latin America.

Chile, Bolivia, Mexico and Uruguay abstained on the resolution, but eventually all but Mexico broke relations with Havana.

Allende announced before he took office Nov. 3 that he intended to recognize Cuba, the only Communist country in the western hemisphere. He has also said he will establish relations with Communist China, East Germany, North Korea and North Vietnam "when it is convenient for Chile."

Being a Boss Is Not Easy and Remarks Like These Don't Help Any

By HAL BOYLE

NEW YORK (AP) — Remarks that a boss gets tired of hearing:

"Someone drew a mean cartoon of you on the washroom bulletin board, sir. Shall I tear it down?"

"I could give you a whole list of reasons why I should get a merit raise, chief, but they all boil down to the fact that my wife thinks I deserve one—and she's the one who knows me best."

"The old man is snarling at everybody this morning. He was three strokes off his golf game yesterday."

TEXARKANA, Tex. (AP) — The Texarkana Gazette reports that Texas officials are looking to the Arkansas River Basin as a potential water supply source.

In Little Rock, Keith Jackson, the director of the Soil and Water Conservation Agency, confirms that discussions have been held between Arkansas officials and representatives of the Texas Water Development Board.

Jackson says, however, that the discussions were slight and no serious consideration has been given to the matter up to this time. He says Arkansas would not make any indefinite commitment of water to Texas, although some temporary commitments might be possible from surplus water at several reservoirs in South Arkansas.

Jackson mentioned Millwood Reservoir on the Rolling Fork stream, Gillham Reservoir on the Cossatot River, Dierks on the Saline River and DeGray on the Caddo River as potential sources.

Some of the reservoirs Jackson mentioned are already completed and others are under construction.

A Texas source said that as much as 500,000 acre-feet of water might be sought annually should actual negotiations ever begin. An acre-foot of water is 325,851 gallons.

Jackson said Dr. Leslie Mack, a ground water expert who has been an adviser to Gov. Winthrop Rockefeller, was involved in early discussions on the proposal.

Jackson theorized that the Texas Water Development Board might transfer what is said to be surplus waters from the Northeast Texas River Basin to South and West Texas and use Arkansas waters to replenish the Northeast Texas area.

Garland Edward Goff, 20, of Little Rock, Ark., was convicted in U.S. District Court here Thursday of aiding and abetting a riot at the El Reno Reformatory.

Goff, an inmate at the Reformatory, had been charged in connection with an April 27, 1968 riot at the reformatory that involved about half of the 900 inmates. Three guards were hospitalized in the incident and damage was estimated at \$10,000.

Goff and six other inmates had been previously convicted on riot charges, but a new trial had been ordered by appellate court.

Man Hit by Car Succumbs

MEMPHIS (AP)—Joe Brown, 40, of Trumann died Thursday night at a Memphis hospital of injuries he received Monday when struck by a car on U.S. 63 about one mile south of Trumann.

State Police said Brown was standing in the center of the southbound lane when struck by a southbound vehicle driven by Bertha McGowan of Trumann.

UAW Leaders Approve GM Contract

By A. F. MAHAN

Associated Press Writer

DETROIT (AP) — Approved by the union leadership, a new three-year contract estimated to be worth \$2.5 billion in higher wages alone now goes to 394,000 rank-and-file United Auto Workers at General Motors plants across the country for ratification or rejection.

And the 155 separate GM-UAW bargaining units are under orders by the union's top leadership to complete their secret-ballot votes by Nov. 20 and report results by Nov. 21 in the hope the world's largest automaker can be back in production by Dec. 1.

A strike called to support the union's major economic demands, most of which it won at least in part, will be in its 10th week by the reporting deadline.

The new package, which in-

Agriculture Handout Blamed by Some GOPs for Election Defeat

By DON KENDALL

AP Farm Writer

WASHINGTON (AP) — Several Republican congressmen who lost election bids Nov. 3 are blaming an Agriculture Department handout on farm parity for contribution to their defeat, sources say.

That handout—issued four days before the election—showed parity at a 37-year low. It was seized by Democratic opponents as fresh ammunition against Nixon administration farm policies.

Just which GOP election losers are putting the heat on the department was not immediately known. Among the more prominent farmbelt House members who lost were Reps. Thomas S. Kleppe, R-N.D., Odin Langen, R-Minn., Catherine May, R-Wash., and Chester L. Mize, R-Kan.

Both Mrs. May and Kleppe are members of the House Agriculture Committee.

School Boards Association to Meet Here

The Arkansas School Boards Association, Region VII will hold its fall meeting in Hope High School Cafeteria November 17. Registration is from 5:30 to 6 p.m.; dinner from 6 to 7 p.m. Presiding will be Hubert Easley, board member. The program includes a discussion of proposed changes in the ASBA constitution and by-laws; election of regional directors and revision of membership fee schedule.

Current issues affecting public elementary and secondary schools in Arkansas will be discussed. Dr. D. L. Pilkinton, executive secretary, will discuss a state program of insurance for public buildings.

Harvey Z. Snell, State Department of Education, will discuss a new distribution formula for state funds.

Other items for discussion will include workmen's compensation, insurance for school employees, payment in lieu of taxes for Act 9 industries, health and accident insurance for school employees and professional negotiations.

Quick Impact on Prime Rate Dip Unlikely

By DAVID BURKE

AP Business Writer

NEW YORK (AP) — The small reduction in the prime lending rate announced Wednesday by major banks is not expected to have any immediate impact on the ordinary consumer.

But some economists say it could lead to an eventual easing of mortgage rates and unemployment.

Although a cut of one-quarter of a percentage point in the prime rate was announced Wednesday by a small Washington, D.C. bank, it didn't begin spreading until Chase Manhattan Bank, the nation's third largest, announced its cut Thursday.

The prime rate, the interest a bank charges its most credit-worthy corporate borrowers, was reduced to 7 1/4 per cent from 7 1/2.

The move was quickly followed by the nation's seven other largest banks as well as many smaller banks. They totaled 50 by late Thursday.

Economists linked the cut to the Federal Reserve Board discount rate—the price member banks pay for borrowing money —to 5 1/2 per cent from 6 per cent at six of its banks.

Thursday the board extended the discount rate reduction to five more of its banks, leaving only the Philadelphia bank with the old 6 per cent rate. It's expected to follow suit later this month.

son of the money farmers get for the products with the prices paid in the 1910-1914 period.

The October report showed parity was only 70 per cent of the 1910-1914 base period. It was the lowest percentage mark since December 1933, in the depth of the Depression.

Parity was rated at 72 per cent in September and it was 73 per cent a year earlier.

The level was particularly worrisome to GOP strategists who recalled that Nixon, during his 1968 campaign, continually attacked the 74 per cent parity record of the Democratic administration.

These words were hurled back at Republican candidates in many farm areas in the days just before the election.

Adding to the heat was the fact that the administration-backed farm bill still hung up in the Senate had been a heated issue in some contests.

And only one week earlier, Agriculture Secretary Clifford M. Hardin was quoted as saying "net income per farm is at the highest level in all history." Hardin, added, however, that farm income and prices were not as good as they should be.

The parity report is issued at the end of each month. The October report was issued Oct. 30.

First word on the Agriculture Department roasting came Thursday when department officials asked several newsmen how they wrote the parity story.

Two Killed in Fiery Crash

WILMOT, Ark. (AP) — Two persons were killed Thursday in a fiery two-vehicle crash on U.S. 165 just north of the Arkansas-Louisiana state line.

State Police identified the victims as Grif Leonard, 47, of Cana, Va., and Gary Wilcoxon, 18, of West Monroe, La.

Authorities said the van driven by Wilcoxon was traveling south in the northbound lane when it collided with a two-ton truck driven by Leonard. Officers said the vehicles burst into flames on impact.

A spokesman said Virginia and North Carolina authorities aided in identifying Leonard and that Louisiana officers helped work the crash.

Many Think U.S. Has Eased Opposition to Admitting Red China

By TOM HOGE

Associated Press Writer

UNITED NATIONS, N.Y.

(AP) — Diplomats speculated today whether the mildness of the U.S. delegate's speech in this year's China debate at the U.N. General Assembly indicates an easing of American opposition to a seat for Communist China.

Ambassador Christopher Phillips in his speech Thursday gave far more emphasis to opposing the expulsion of Nationalist China from the world forum than he did to opposing the admission of Peking.

Phillips did not make the usual U.S. charge that Red China is not fit to hold U.N. membership because it has a record of aggression. He pointed out in-

GOP Move Is on to Draft Rockefeller

By ROBERT SHAW

Associated Press Writer

LITTLE ROCK (AP) — A movement is underway to draft Gov. Winthrop Rockefeller, with his influence, prestige and resources, as chairman of the state Republican party.

Rockefeller's reaction is that he is not actively seeking the position, but that he would accept if the party feels it needs him and offers the job by acclamation.

John R. Powers Jr. of Rogers, one of the draft leaders, said Thursday Rockefeller was the one man who could "unite" the party to lead it out of the shambles left by the Democratic victories in the general election.

The GOP State Committee will meet Nov. 21 in Little Rock to select a chairman to succeed Odell Pollard of Searcy.

There have been three announced candidates for the position—William T. Kelly of Little Rock, Pulaski County chairman Charles T. Bernard of Earle, party vice chairman, and Everett A. Ham Jr. of North Little Rock, a former Rockefeller aide.

Kelly, who has had Rockefeller's endorsement for the position, said Thursday he would gladly step aside in favor of the governor. Bernard said he was in the race to stay. Ham could not be reached for comment.

Bernard, wealthy East Arkansas planter who ran against Sen. J. W. Fulbright in 1968, dismissed the "whole matter as a series of rumors." He said Rockefeller's assumption of the chairmanship would be a step backward for the governor.

Kelly said he would still be

Cloudy Skies, Rain Slated for Arkansas

By THE ASSOCIATED PRESS

The forecast calls for rain and cloudy skies beginning in the west today and spreading throughout the state.

The National Weather Service predicts that the rain will stop Saturday beginning in the west.

The lows tonight will be in mid to upper 30s in north and 40s in south. The highs Saturday low to mid 50s.

The highs Thursday ranged from 42 at Fayetteville to 64 at Memphis.

Booby Trap Kills Nine Americans

SAIGON (AP) — A mine, a booby trap and an attack on a patrol, killed nine Americans and wounded 12 in Vietnam Thursday after two days of no U.S. combat deaths, the U.S. Command announced.

It was the largest number of Americans reported killed in combat on a single day in a month. Two North Vietnamese or Viet Cong were reported killed.

The mine blew up a 2 1/2-ton truck of the Americal Division on a road in Quang Ngai Province, killing six soldiers and wounding four.

It was the third major booby-trap or mine casualty the division has suffered in Quang Ngai this year. On Oct. 13, a booby trap rigged from an American artillery shell killed nine Americans and wounded five. On April 15, a similarly rigged 155mm shell killed 14 Americans and wounded 32.

Two more American infantrymen were killed Thursday and two were wounded by another booby trap in another part of Quang Ngai, which is on the northern coastal plain.

Military officials attribute at least 15 per cent of the American casualties in Indochina to mines, booby traps and grenades.

North Vietnamese troops ripped into a patrol of the 25th Infantry Division 33 miles northeast of Saigon, triggering sporadic fighting from morning until nightfall. Headquarters aid one American infantryman was killed and six were wounded.

North Vietnamese troops also ambushed a six-truck South Vietnamese convoy on Vietnam's main north-south highway 30 miles northwest of Saigon, killing two South Vietnamese soldiers and wounding one. It was the first ambush on the highway in several months.

In Cambodia, spokesmen reported the government's entire northern front was quiet after heavy attacks earlier this week. No significant action was reported elsewhere in Cambodia, either.

A large part of a 4,000-man South Vietnamese task force which joined the Cambodian troops in a sweep 20 miles south of Phnom Penh were headed home today, a spokesman said. The North Vietnamese and Viet Cong eluded the sweeping force.

Eastern Air Liner Is Hijacked

MIAMI (AP) — An Eastern Air Lines DC9 was hijacked today over South Carolina and, after a refueling stop at Jacksonville, was ordered flown to Cuba.

The Richmond, Va.-to-Dallas flight was commandeered 20 minutes after taking off from Raleigh-Durham, N.C., Airport bound for Atlanta, an Eastern Air Lines spokesman said.

The twin-jet aircraft carried 78 passengers and a crew of four. Capt. Thomas W. Mayberry advised the Air Control Center at Atlanta that the hijacker took command at 9:31 a.m., EST.

Mayberry landed Flight 257 at Jacksonville International Airport at 11:22 a.m., the Eastern spokesman said. It took off 14 minutes later and headed south for Havana.

Other crew members were identified as Flight Engineer James E. King and stewardesses Bonnie S. Culp and Diane Tidedge. The entire crew is based in Atlanta.

Rape Trial Set for December
